SATURDAY SEPTEMBER 12TH 9AM -3PM

**COME HELP
BUILD A SOFT
SURFACE PATH**

**REFRESHMENTS
AND LUNCH WILL
BE PROVIDED**

***PLEASE RSVP by
September 8th TO
ELLEN MILLER
503-409-9502***

On September 12th, 2009 from 9am to 3pm the Friends of Two Bridges will work on building a continuous, soft surface pathway around the perimeter of Wallace Marine Park with the goal of creating a safe, visible pedestrian pathway. The trail will be a 5 foot wide woodchip trail.

Volunteers are needed for spreading woodchips and trimming and removing brush. Wheelbarrows, shovels, rakes and clippers will be provided by the City. Volunteers should bring work gloves and appropriate work clothes. Volunteers will be required to sign a city waiver provided at the sign in table located at the first parking lot on the left as you enter the park.
